to call your attention to the fact that we are the agents for the FINEST WALL FINISHES, MURALO and DECORINE, 24 different colors, also WALL PAPER; the designs and colorings are beautiful and were never cheaper. If you are thinking of painting use the old reliable Sherwin-Williams Paints, for outside and inside; a guarantee goes with it. Nothing made that will wear longer or look better. You cannot tint lead and get as satisfactory results as by using above mentioned paint.

Diamonds.

The most important feature of a Diamond is its brilliancy. Fine color is desirable so is technical perfection, but without brilliancy these count for but little. To insure brilliancy a stone must be properly cut, or as the phrase goes "well made." I have long made a specialty of just such goods, and now carry a large stock of all sizes which is entirely at your service.

The price of Diamonds is going up and will continue to do so. The world's production has decreased one-third and the diamond mines in Africa will be taxed for the next fifty years to pay the expenses of the Boer war. You cannot do better than to invest now.

FROEBEL'S METHODS.

Miss Besse Pankhurst Will Promulgate Them at the Presbyterian Church.

A kindergarten will be inaugurated on Monday morning at the Presbyterian church by Miss Besse Pankhurst of this city. A large attendance of the little ones is assured from the start, as Miss Pankhurst has had the advantage of the best instructors in Chicago in the most modern adaptation of the methods of Froebel, as well as several years' experience as teacher of kindergarten work in the Chicago schools and also one at Ottumwa, Iowa. The patronesses of the work who have been assisting Miss Pankhurst, are society ladies who are enthusiastic in their praise of the work already done by Miss Pankhurst. THE TELEGRAPH recommends the school to the mothers of the city. Miss Pankhurst has secured an able assistant in the person of Miss Lida Johnson. A further explanation of the scope of the work will be made tomorrow.

ENTERTAIN WITH DANCE.

Colored Society People Entertained by Mr. and Mrs. Yarrick Moore.

About twenty couples were present at the reception and dance given last evening at Jones' Hall in Dement-town by Mr. and Mrs. Yarrick Moore of this city. The affair was in honor of the Misses McCord and Tucker, here on a visit at the Moore home. Visitors were present from Oregon, Rockford and Polo. The Sterling guests were Messrs. George Clark sr., Bullock and George Clark jr. The Dixon Mandolin Club furnished most acceptable music. Dancing began at 9:30, the grand march being led by Mr. and Mrs. Moore. It was a full dress affair and was much enjoyed by all present.

Surveyors at Work.

Ralph McConaughy and L. B. Bertholet, surveyors for the Illinois and Rock River Valley Railroad Co., were today working on cross-section work and driving stakes on that part of the line near Lord's hill on the Palmyra road. At this place much work will have to be done in filling and excavating; in fact, it is the worst place between here and Sterling.

County 'Phone In Library.

The Lee County Telephone has been placed in the Dodge Public Library, a late pattern telephone in oak. This is given free by the company and is much appreciated.

HIS LIFE WORK CLOSED.

David Hartman of Nelson Township Succumbs to Heart Trouble.

David Hartman, one of the most respected, influential and prosperous farmers of Nelson township, died at 10:30 o'clock last night (April 2) of heart trouble, after an illness extending over the past year.

Mr. Hartman was one of the pioneer settlers of the township, having been born in Somerset county, Pa., July 1, 1849, and moved to Illinois when six years old with his parents. This was in 1855 when they laid out a farm on the unbroken prairie of Nelson township, which has ever since been his home. He was naturally intelligent and received an excellent education in local schools as well as good training in the school of farming so that when he took charge of the farm at his majority he was well equipped for it and made it one of the best farms possible.

June 3, 1875, Mr. Hartman was married to Miss Sarah Hax, who with her three children survive him. The children are Clarence C. Hartman of Dixon, Misses Estelia C. and Myrtle E., who live at home. For a number of years and up to the time of his death Mr. Hartman held the office of assessor of his township. He was a Republican in politics and a good friend and kind neighbor whose loss will be greatly felt on every hand. He was a member of the Lutheran church and its work and associations were close to his heart. During his last hours his friend, John M. Sterling, as well as his family watched by his side. From noon until evening he was unconscious, but later recognized those about him and summoning his retreating strength sang a hymn and then died while repeating the words of a favorite Psalm. Funeral services will be conducted by Rev. T. F. Dornblaser at the late home at 1 o'clock Friday afternoon. The burial will be at the Nelson cemetery.

At St. Luke's Tonight.

Tonight at 7:30 o'clock at St. Luke's church a Passion Service will be held. This service is of a very simple character yet deeply devotional and helpful and will appeal to Christians of every name. The story of Christ's suffering is told, interspersed with the singing of familiar hymns, while scenes from the Lord's life are thrown upon a screen by the stereopticon. Among the views tonight will be: Christ Weeping over Jerusalem, Christ entering the City, The Anointing at Bethany, the Agony in the Garden, Behold the Man, St. John and St. Mary, Pilates wife's dream, the flagellation, Christ Carrying the Cross, Erection of the Cross, Death on the Cross, Descent from the Cross, the entombment. The service is especially intended for all christians. There will be no collection and all are cordially invited.

High Water.

George Shaw returned last evening from New York City. He says that along the Mohawk Valley they have recently had the highest water known for 40 years. He gave a vivid description of scenes between Utica and Schenectady, where the water was in some places up nearly to the second floor of the houses along the line of the New York Central and Hudson River Railway.

Resigns Position.

L. J. Walter, who has been in the employ of J. P. Burbenn, flour and feed dealer on Hennepin avenue, has resigned his position and accepted employment as engineer for the Southwestern Rice Co. and will henceforth make his home at Sour Lake Station, Texas, about twenty miles west of Beaumont. He and his wife started South this morning.

Golf Club.

The members of the Golf Club and all persons who expect to play this summer are requested to meet at Mrs. Leonard Andrus' Thursday evening at half past seven. All who expect to play but cannot attend please send their names or telephone Mrs. Andrus.

Death of Infant.

The infant child of Mr. and Mrs. Michael Fielding of South Dixon died yesterday, aged about three weeks. The funeral occurred today at 2 o'clock p. m. and burial took place at Oakwood cemetery.

The Presbyterian Juniors.

The Nickle Social given by the Junior Endeavors of the Presbyterian church will be held Thursday afternoon instead of Friday as was announced. All the children of the Sunday school are invited.

RAILROAD NEWS.
Collision at Belle Plaine—Only Room At the Top At Nelson.
Operator B. G. Day of the Illinois Central spent Sunday at his home in Minook, returning yesterday at noon.
Robert Smith, a news agent on the Sterling passenger, Sundayed in Dixon, returning to his home in Chicago Monday.
About five hundred cars of stock passed through Dixon on the North-Western Sunday night.
The stationary engine at the Illinois Central shops at Amboy will be taken out and moved to Burnside for use. It was put in there in 1855, and has remained idle since the shops closed down in April, 1894.
Nice cars of ties destined for Nelson were set out at Dixon Sunday on account of there being no more room at Nelson.
Fireman Joe McCoy of the Freeport division of the North-Western is laying off for a few days waiting for his head to heal from an injury. While taking a shovel coal from the tender a sharp piece fell from above and struck him on the top of his head, cutting it severely but not dangerously.
George Spell, Will Ford, Joe Hodges and Lawrence Sullivan of Dixon have gone to Nelson to take positions on the force of the new railroad.
Mr. Clapperton's men began to distribute the bridge material along the first nine miles of the Northwestern branch line near Nelson, Tuesday morning.
D. P. Kelly, sub-contractor under Winston Bros., arrived Monday night at Nelson with his force of workmen, numbering twenty-five, with thirteen teams and all necessary scrapers, and will grade the first five miles of the new road. They will camp, having their cook with them, and begin work this week.
Thomas Farrell, a 15-year-old boy at Clinton, Iowa, is dead from the effects of injuries received Sunday. He attempted to board a swiftly moving car in the Northwestern yards and tripped and fell over a car repairer's box of tools. He was thrown to the ground, his head striking the journal box on car, causing injuries from which he died later at Mercy hospital.
A special train of twenty cars left Malta one day last week on the Northwestern loaded with household goods, farm implements and stock belonging to parties moving to Northwestern, Iowa. Seventeen cars were also loaded at stations on the Q branch, east of Amboy. There seems to be a general exodus this spring to the cheaper lands in the west.
The citizens of Milledgeville are jubilant over a report which has reached there to the effect that the Great Northern road is about to buy the branch of the C. B. & Q. passing through that city. Should this be the case, the line will be made the direct line from Chicago to the Pacific, as it is the shortest route. The Milledgevilleites have fond dreams of a double track.
A rear end collision occurred Saturday morning about 8 o'clock between two freight trains just outside the yard limits at Belle Plaine, telescoping engine, No. 231 and the way car of the train ahead and damaging one or two other cars. A west bound freight train in charge of Conductor Elawechter was stopped near the switches, when a special freight train west bound with engine 231, Engineer Stamm and Conductor Buck approached from the rear and being unable to stop on account of the snow and a very slippery rail, crashed into the way car, which was badly broken up. The front end of the 231 was considerably damaged and will have to go to the shop. No one was injured.
Trainmaster Capeman has resigned his position with the Illinois Central at Clinton, Ill., and will probably go to the Santa Fe. His successor has not yet been appointed, but it is probable that the position will go to F. J. Beechley, who formerly held it. He was at one time a Freeporter. Mr. Unlaub, of the Amboy division, has been promoted to chief of the train dispatchers of that division. H. H. Johnson, who has been working a trick on the Springfield division, will take the position vacated by Mr. Unlaub.

SOME BIG WITNESS FEES.
Comfortable Sums Paid for Testimony in Hilger Murder Case.
In the Hilger case recently tried in the Circuit Court some witness fees have been allowed that break the record so far as this county is concerned. The following are some of the larger ones to-wit: To Freeman Philips of Florida, \$140.90; to Edgar L. Scott of Milford, New York, \$91.66; to H. H. Barnard of Brooklyn, New York \$90.10; to P. A. Stickney of Delaware, Ohio, \$53.20. The witnesses from Hoopole and Prophetstown get from \$6 to \$20 according to the number of days they were in attendance. It cost something like \$1,000 to get the jury in this case and another thousand has been paid for witness fees and by the time the case is ended and all the costs are paid the tax payers of Henry county will have some \$4,000 or \$5,000 added to the expenses this year.—(Cambridge Chronicle.)
Henderson Band Benefit.
Manager Backus has made a special effort to provide the best of all talent for his vaudeville entertainment April 16 and 17. A glance at the array of vocalists engaged confirms this statement. Mrs. Lee Read, Chas. F. Keene and Fred Chandler in their singing sketch will introduce the following numbers: "When the heart is young," "Night of joy," "In the dark" and "Lucy Lee." They need no introduction to a Dixon audience and their previous work is a guarantee of a fine number.
Miss Nellie McIntyre who scored a hit as Lucie in "A Chinese Girl" has kindly consented to assist in making up an enjoyable evening. Her voice has grown much stronger since her last appearance and a surprise is in store for her many friends.
The "Post Office Quartette" comprising the old favorites, Cahill, Hamstrom, Frye and Atkins, will have a "sack" of new publications which will be delivered on schedule time.

GETS A THIRD TERM

Carter H. Harrison's Plurality Over Republican Nominee Is 28,257.

JUDGE HANEY "SNOWED UNDER."

Out of the Thirty-Five Wards Mayor Carries Twenty-Six—Democrats Carry City Offices.

Chicago, April 3.—Carter H. Harrison has been re-elected mayor of Chicago for the second time, and will next week commence his third term as the chief executive of the city. His total plurality over Judge Elbridge Haney, the Republican nominee, is 28,257 votes. The total vote for Harrison is 156,352; Haney, 128,095. In the last mayoralty election the vote was Harrison (Dem.) 149,496; Carter (Rep.) 107,437; Harrison's plurality, 41,059. In the presidential campaign last fall the city vote for pres-

dent was McKinley, 184,786; Bryan, 177,165; McKinley's plurality, 7,621. Samuel Alschuler, the Democratic nominee for governor of the state, ran ahead of Bryan, however, his vote being 168,521, against 172,386 for Yates, a plurality of 16,335 for Alschuler.

Carries Twenty-Six Wards.

Out of the thirty-five wards of the city, Harrison yesterday carried twenty-six and Haney nine. The vote was badly split, some of the strongest Republican parts of the city giving only a small plurality for the party nominee and some of them going for Harrison, who, however, suffered in some of the Democratic strongholds. The city wards were re-districted after the presidential election and the regular majorities in some of the wards were turned squarely around from what they have always been.

Palmer Beats Helm.

One of the features of the campaign was the aldermanic contest in the Twenty-first ward, Mayor Harrison's home ward, where Honore Palmer, son of Mrs. Potter Palmer, was a candidate for election on the Democratic ticket, it being his first essay in politics. His opponent was S. H. Helm (Rep.) who has been alderman from the ward for two years. Palmer was elected by a majority of about 1,200.

Democrats Carry City Offices.

The Democrats have carried all of the city offices on the ticket as well as that of mayor. William Loeffler was elected city clerk, A. J. Ryan city attorney, and C. F. Guntier, city treasurer. From the figures available at midnight it appears that their pluralities will be within 1,000 of Mayor Harrison's. None of them will probably have a majority exceeding his.

Town Elections Even.

In the various towns the elections were about evenly divided. The Democrats carried the south, north and probably the west towns, while the Republican officials have been elected in the towns of Jefferson, Hyde Park and Cicero. The Municipal Voters' league, an organization composed of business men, took an energetic part in the aldermanic contest in the various wards. The aim of the organization was to secure the nomination of men considered most competent to serve as aldermen, irrespective of parties. The league endorsed twenty-nine candidates, of whom eighteen were elected.

HARD FIGHT AT SPRINGFIELD.

Converse, Candidate for Clean Politics, Beaten By Phillips.

Springfield, Ills., April 3.—After one of the hardest fought local political fights known here, Alderman John L. Phillips (Rep.) defeated William O. Converse (Dem.) for mayor by over 500. Converse was supported by the good government element in both parties, while Phillips is for wide open town. Every clergyman in the city supported Converse. Entire city Republican ticket elected, with five of seven aldermen.

Decatur, Ills., April 3.—Republican party was successful in Decatur township, gaining two officials and electing all but one of forty-two to be chosen. Quincy, Ills., April 3.—John A. Steinbach elected mayor over J. P. Mikessell, third time, majority 944. Entire city and town ticket elected except two aldermen.

Bloomington, Ills., April 3.—The Republican majority in McLean county will be in about the same proportion to the total as in the November election, when it was 2,800. In Bloomington township the entire Republican ticket was elected.

Rockford, Ills., April 3.—A non-partisan town ticket opposed the Republicans here but the latter won by a good figure. The fight was sharply drawn for assessor and collector. Frank M. Puffer, regular Republican, was elected assessor over Robert A. Shepherd, independent. William T. Palmer was elected collector. The Republican ticket carried every town in Winnebago county.

Waukegan, Ills., April 3.—Yesterday's town election was, as usual, an

easy victory for the Republican nominees, most of whom are old officials re-elected.

COUNTY ELECTIONS HELD.

As a Rule Party Lines Were Eliminated—Dodge Elected to Supreme Bench.

Milwaukee, April 3.—County elections were held throughout the state yesterday, and nearly all the cities and towns elected tickets. As a rule party lines were eliminated. Joshua Eric Dodge was elected to the supreme bench without opposition. Four non-partisan judges were elected in Milwaukee county. Oshkosh went Democratic by 250 against a Republican majority last year of 500. At Madison, W. G. Zimmerman (Rep.) was elected county judge by about 800 majority and Professor Stern Bull (Dem.) was elected mayor. Racine and Fond du Lac elected Democratic mayors and Republican councilors; Janesville and Wausau went Republican.

Milwaukee returns indicate the election of the following ticket: Circuit judge, L. W. Haney; county judge, P. D. Carpenter; municipal judge, A. C. Brazier; district judge, N. B. Neelen; municipal court clerk, F. E. Weller; Carpenter's opponent, Emil Walber, is running close. Following is a list of the towns and cities and the way they went: Republican—Amherst, Waupun, Sparta, Fairchild, Araboo, Hayward, Darlington, Black River Falls, Pownoke, Delavan River Falls, Unity, Viroqua, Park Falls, Monroe, Marshall, Janesville, Bloomer, Evansville, Hudson, Wausau, Kenosha, Oshkosh, Fond du Lac, Fox Lake, Clinton, Jefferson, West Bend, Marinette, Muscoda, Two Rivers, Boyd, Juneau, Elyria, Pardeeville.

Returns at midnight indicate that P. D. Carpenter is elected county judge of Milwaukee county without doubt. Three Republican and two Democratic aldermen were elected in newly created wards in Milwaukee, making the city council a tie.

DEMOCRATIC WORLD'S FAIR MAYOR

Rolla Wells Is Elected to That Office by About 10,000 Plurality.

St. Louis, April 3.—Rolla Wells, the Democratic nominee for World's fair mayor, was elected to that office yesterday by a plurality of 10,000. With him was elected the entire Democratic ticket. At midnight Charles F. Wenker, the Republican candidate for city collector, conceded the defeat of the entire Republican ticket. George W. Parker, the Republican candidate, and Lee M. Wether, who was running independently on the Municipal Ownership Platform, are running a close race for second place.

St. Louis is normally a Republican city by about 15,000 plurality. This has been reversed and a Democratic plurality of 10,000 rolled up. Some of the Republican leaders claim that the Nesbit law has enabled the Democrats to make such a strong showing at the polls. They claim fraud and threaten to contest the election. The Democrats, on the other hand, say that their candidate was elected honestly and that they do not fear the suit of a contest. This election is of close local significance as William J. Bryan, in his paper, The Commoner, and ex-Governor John P. Altgeld, of Illinois, from the stump in this city, have fought the election of Wells because he was a gold Democrat for two campaigns. They both endorsed Meriwether, the candidate of the Public Ownership party.

JOHNSON WINS MAYORALTY.

Three-Cent Fares Helped—Golden Rule Jones Re-Elected.

Cleveland, April 3.—Tom L. Johnson was elected mayor of Cleveland by a majority of 5,200. The Republicans nominally have 8,000 majority, but the way of three-cent fares on the street railway lines and the single tax proved too great a handicap for once. The campaign was the hottest the city has ever had, and the Democratic majority also breaks all previous records. The Republicans elected the remainder of the city ticket and control the board of aldermen.

Johnson wants to be governor of Ohio, and if successful he will then enter the lists for the senate. It is said the presidency is his final goal, on a single tax platform.

Toledo, April 3.—Samuel Jones has been elected to succeed himself as mayor of Toledo. His majority over McMane was about 3,000. Jones announced himself as a non-partisan candidate, and his nomination was secured by petition, the papers being widely circulated and signed by the majority of the workingmen. He was endorsed by the Democratic convention, and was, in fact, the Democratic candidate. His campaign was unique. His forces were not marshaled, and he had no campaign committee to take charge of the fight. He spoke in every ward and precinct in the city, advocating the golden rule. The Republicans had a strong candidate in General W. V. McMaken, who served in the Spanish-American war with distinction.

PARTY LINES NOT DRAWN.

Mrs. Nation's Crusade Made the Issue Prohibition in a Number of Towns.

Kansas City, April 3.—Municipal elections were held in all the larger cities of Kansas yesterday. Party lines were not drawn generally, and in numerous cities the issue was prohibition. Mrs. Nation's crusade having aroused the temperance people to demand enforcement of the law against liquor selling. In the important cities the results of the election were discouraging to the prohibitionists. Kansas City, Kan., the largest city in the state, went Democratic for the first time in its history. W. H. Craddock being elected mayor by 900 plurality and almost the whole Democratic ticket winning.

In Topeka, where the Republican ticket was supported by the law enforcement people, the Democrats claim the election of Albert Parker for mayor, the other officers being conceded to the Republicans. The Republicans claim a small majority for mayor. J. W. Orr, Democrat, was elected mayor of Atchison by 500 majority. At Leavenworth the entire Democratic ticket was elected by a majority of 500. At Wichita, where Mrs. Nation began her crusade, the temperance ticket was overwhelmingly defeated by the Republicans. The Democrats carried Galena, electing J. V. McGinn, mayor.

SWEARS ALLEGIANCE

Aguinaldo Takes Oath of Fealty to the United States Government.

WILL PROBABLY END THE WAR

Filipino Leader's Action Relieves the Government from Embarrassing Situation.

Washington, April 3.—The war department yesterday received information from General MacArthur that Aguinaldo has taken the oath of allegiance to the United States and the terms of amnesty offered by General MacArthur by direction of the president. The dispatch conveying this information contained much more than was given to the public. The portion withheld related to the future disposition of Aguinaldo, and made suggestions as to what the late chief of the insurrection might accomplish. No official statement could be obtained as to what finally would be done with the prisoner, but it was emphatically stated that he would be held for the present, but would be granted all possible immunity consistent with existing conditions.

Made Favorable Impression.

General MacArthur has hopes that a great deal may be accomplished through Aguinaldo. During the time he has been a prisoner he has made quite a favorable impression upon General MacArthur. It has been suggested that under the terms of the notice of amnesty, the prisoner should be set at liberty at once, but there is a provision in the amnesty proclamation which says that those who have violated the laws of war are excepted from its terms. Whether or not General MacArthur has satisfied himself that Aguinaldo has not violated the law cannot be stated, as the prisoner would be permitted to take the oath pending an investigation of his past conduct. Aguinaldo, having been the head of the insurrection, undoubtedly can be held until further investigation is made, or until the circumstances which surround the situation in the Philippines make it advisable to release him outright or otherwise dispose of him. These conditions and the general situation and Aguinaldo's relation to them were the subject of General MacArthur's dispatch and are being considered by the authorities here who will have the final disposition of the matter.

Action Carries Satisfaction.

The news of Aguinaldo's action was received with evident satisfaction by the war department, and the opinion was expressed that good results would follow among those who have been still holding out against the United States. The taking of the oath in itself is regarded as giving Aguinaldo a status of loyalty to the United States quite different from those still in arms.

For Government of Armes.

The department's instructions for the government of armies in the field recites as follows: "The commander will throw the burden of war, as much as lies within his power, on the disloyal citizens of the revolted portion or province, or if he deems it appropriate, or if his government demands of him that every citizen shall, by an oath of allegiance, declare his fidelity to the legitimate government, he may expel, transfer, imprison, or fine the revolting citizens who refuse to take the oath. Whether it is expedient to do so, and whether reliance can be placed upon such oath, the commander or his government has the right to decide."

Believes Aguinaldo Will Abide by Oath.

In the present case, General MacArthur has considered it expedient to have Aguinaldo take this oath, and apparently has held that reliance can be placed upon the oath. The army regulations make no distinct provision that the taking of the oath shall give complete liberty to a person, although the above quoted provision shows that those manifesting loyalty by subscribing to an oath of allegiance are to be spared from the hardships of war, and that only those remaining disloyal are to be visited with the harsh treatment of war.

Has Not Violated Rules of War.

The war department authorities say that offenses against the articles of war, excepted in the proclamation of amnesty, refer to murders and depredations. Only recently five Filipino officers were executed for such offenses. It is not known here whether Aguinaldo was responsible in any case for such offenses, though from the fact that General MacArthur allowed him to take the oath of allegiance, it is assumed that the commanding general does not hold Aguinaldo to be chargeable with a violation of the articles of war. It is believed General MacArthur will keep the ex-leader under his eye and avail himself of the good offices of Aguinaldo in localizing the remnant of the insurgent forces.

Will Have Tendency to Reduce Navy.

Should the capture and submission of the Filipino chieftain mark the beginning of the end in the Philippines, it is added, the effect upon the American naval representation in Asiatic waters will be a very considerable reduction of our naval force in the Far East. There are at present fifty-seven of our naval officials on the Asiatic station—a greater number than ever before has been mobilized there, and including some of the finest battleships, cruisers and ironclads in the American navy. A good many of them will be now sent home to form nucleus for new squadrons. It is possible that the European station, with headquarters in the Mediterranean, will be revived, and also that recreation of the old south Pacific station will follow.

Alderman Kills Himself.

Traverse City, Mich., April 3.—James A. Moore, alderman and extensive dealer in agricultural implements, shot himself through the heart Monday afternoon. The coroner's jury made no cause.

DESPERATE BATTLE WITH DOG.

Large Newfoundland Attacks Its Master and Finally Overcome.

Newburg, N. Y., April 3.—Dr. Robert J. Kingston had a terrible encounter, lasting for more than an hour, at his home in this city yesterday with his St. Bernard dog, weighing more than 200 pounds, which he had reared from a puppy. The animal was seized with convulsions, and, running to the bed chamber of the doctor, sprang on the sleeping physician, and the fight for life followed. Dr. Kingston succeeded in driving the frenzied animal into the bathroom adjoining his apartment and then closed the door. But in the act he was forced to shut himself in as well. He then began to battle for his own safety. Time after time the dog buried its teeth in the fleshy part of the lower arm, which the doctor used as a guard for his neck and face. Finally the animal was forced into a position that it could not escape. With both hands clutching its windpipe, Dr. Kingston choked the breath out of the animal's body.

Dr. Kingston sank to the floor, weak from the exertion and the excitement. Dr. F. M. Phillips was summoned and the injured arm was cauterized and bandaged. While the fight was on the noise was heard by neighbors and among those who came to the rescue was Bryant Young and the son of Governor Odell, who lives directly opposite Dr. Kingston. He wanted to shoot that dog, but the expedient threatened danger to the physician.

TEN PERSONS KILLED IN A RIOT

Fierce Conflict With Gendarmes in Switzerland.

London, April 3.—The Daily Express has received the following from its correspondent at Geneva:

"A terrible riot has occurred at Dienne, in the valley of the Charmoix, owing to the municipal council selling land on which the people had enjoyed grazing rights. The inhabitants tried to set fire to the town hall, and a fierce conflict ensued between the rioters and the gendarmes. Ten persons were killed and fifteen injured."

Arbitration Is Favored.

Montevideo, April 3.—The Latin-American scientific congress has closed after adopting various resolutions, among them one recommending that the American governments adopt as laws various resolutions of the congress, among them the one declaring for an international court of arbitration. The hope is expressed that the Pan-American congress in Mexico will foster close American unity, thus completing the great work begun by the Washington congress.

DISCREDITS REPORTS

Cruttenden, Quincy Member of the Equalization Board, Says There Is No Corruption.

MISS HALEY ON THE WITNESS STAND

Requisition for the Extradition of Illinois Fugitives Issued by Governor Yates.

Springfield, Ills., April 3.—The hearing of evidence secured by the Chicago school teachers against the state board of equalization was resumed in the circuit court of Sangamon county Monday. Miss Margaret Haley, of the Teachers' association, detailed a conversation she had with John McKenna, a member of the state tax board, who called at her office to discuss the assessments made by the board. McKenna, she said, told her he wanted to set himself right with the teachers, and convince them that they had, a mistaken impression. The school teachers, he said, were making a mistake in attacking the state board. George Schilling had been in her office at the time, she said, and Schilling had asked McKenna how a membership in the board of equalization paid.

Not Much in It.

McKenna's reply was that there was not much in it for a Chicago man. "He said," continued Miss Haley, "that the corporations could buy two or three members for the price a Chicago man asked, and they preferred to do business with the country members, because they would stay bought. They were always sure of landing them, he said. There was another thing McKenna said," continued Miss Haley, "He said we had done a good thing for the board in showing what the property of the corporation was worth. He said the members would now realize that the corporations had not been treating them right. He said they would now have to come down."

TALK WITH J. S. CRUTTENDEN.

Quincy Member of the Board Discredits Reports of Corruption.

Quincy, Ills., April 3.—John S. Cruttenden, member of the state board of equalization from this district, was asked concerning the bribery charges brought out in the teachers' suit at Springfield. He said if there ever was a division among members he got none of it. Continuing, he said:

"I don't know much about the board, but the other members I know to be bankers and reputable business men, who, like myself, like to be on the board and go to Springfield for the change and recreation and not for what they can make out of it. They are men who don't have to accept bribes. The teachers have been growing desperate of late. At first I was in sympathy with them, but of late I have become disgusted. When at Springfield I was closely associated with the members of the board who come from some distance outside of Cook county, spending my days and nights with them, and have always found them above reproach and trying to do their full duty. At no time have I ever heard so much as an intimation of hoodluming among these members, and I am satisfied that if any hoodluming was done it was not done at Springfield. As far as I am individually concerned I am willing that my course and every act be investigated."

Railway Trouble Settled.

Springfield, Ills., April 3.—Trouble between Baltimore and Ohio Southwestern railway and city of Pana, which has existed several years was settled yesterday. When the railroad removed its shops from Pana to Flora they would not release their claim on buildings and grounds, as per agreement when franchise was voted, and the township filed suit in the circuit court for their recovery. Compromise was effected yesterday by which the Baltimore and Ohio Southwestern decided to the township all the buildings and twelve acres of land.

Requisition for Featherstone.

Springfield, Ills., April 3.—Governor Yates issued a requisition yesterday upon the governor of Iowa for the return to Cook county of Harry Featherstone, who is under arrest at West Union, in that state. He is wanted for robbery. A requisition was also issued upon the governor of Kansas for the extradition of Allen Bainter, who is at Topeka under arrest. Bainter is wanted at Carthage, Ills.

Illinois Fugitives Are Traced.

Springfield, Ills., April 3.—Governor Yates issued a requisition yesterday afternoon for the extradition of Sam T. Reiz and Worthy F. Dow, said to be located in Oklahoma and wanted in Carroll county, Ills., under indictments charging them with forgery. The fugitives are accused of forging a will purporting to have been drawn by Joseph J. Haas, by which they fraudulently secured \$82,000 in cash.

DIXON, ILL., APRIL 3, 1901.

APRIL FOOL DAY.

Pranks Played by Students at Dixon College.

A number of jokes were played Monday and as usual the N. I. N. S. furnished its share. The pseudo-tragedy of a few weeks ago worked so well that another joke of about the same proportions was attempted Monday, and it, too, was successful. Three of the young fellows, Gilbert, Schumacher and Oleson boarded an afternoon train for Nachusa. With them they carried a grip well packed with all the paraphernalia belonging to the feminine gender. At Nachusa one of the three underwent the ramodeloscope, or some other metamorphosis we suppose; at any rate on the 7 o'clock train in the evening instead of the three young men two young fellows and a blooming miss of about eighteen summers returned. She was Stella Letty and was alone when she found herself on the platform of the Northwestern depot.

McDonald, one of the advance agents of the College spied her, walked up, tapped her on the shoulder and said "College?" She shyly said "Yes," and since her baggage had arrived too late to be checked and was not at the depot, she and her escort entered a cab and were driven to the College. She paid her back fare and was rushed up to the office, where she had a long and earnest conversation with the secretary, Jake Sheely, about rooms, board, etc.

About this time the boys at the office began to be suspicious and tried to find President Dille, but without success. The lady's grip had been hurried away by the perpetrators that the tables might not be turned.

What will the boys up there do next?

AT DODGE PUBLIC LIBRARY.

Gratifying Sunday Attendance Number Books Taken Out in Month of March.

The total number of books taken from the Dodge Public Library during the month of March amounted to 3,032. They were divided into the following classes:

Fiction 1581, general works 4, philosophy 2, religion 8, sociology 22, science 22, useful arts 7, fine arts 8, literature 42, travels 15, history 29, biography 55, juvenile classics 150, juvenile fiction 1,027, total, 3032.

The action of the library board in allowing school children but one book per week is much commended by the teachers of the city. This reduces considerably the total of the juvenile department which otherwise would have been much larger.

The Sunday attendance on March 24, which was a stormy day, was made up of eighteen children and twenty-five adults, a total of forty three. Last Sunday the total attendance was sixty-two persons—twenty-seven children and thirty-five adults.

How to Kill Box Elder Bugs.

Various means have been suggested for killing the bothersome and seemingly indestructible box-elder bugs, but the most practical way is to spray them with benzine and they immediately enter into the sleep that knows no waking. This is easier than putting kerosene on them and setting fire to them.

It might be well, however, to warn the people who would undertake the extermination of the bugs that benzine is very apt to cause trouble. If sprayed too near to a fire in a stove or a lighted lamp. Better get the house and furniture well insured before you undertake it.

Services at Lutheran Church.

Services at the Lutheran Church are well attended but some of the members have not yet reported.

There will be services Wednesday and Thursday evenings.

Friday evening the united choirs of the church will meet in the audience room to practice for Easter music. Prof. Krinbill expects to have 125 singers in the combined choirs.

Preparatory services will be held Thursday evening.

From Polo Visitor:

Mrs. Charles Weaver has moved to Dixon to live.

Fred Moore, who has been sick for a long time, is visiting his parents in this city. Mr. and Mrs. Amos F. Moore.

Judge J. D. Campbell sold three of his deer Saturday to Dr. Peter Fahrney of Chicago. John Ocker was here Saturday and made the bargain and took the deer to Chicago on Monday morning.

THREE STRAIGHT.

Gonnerman's Team Sweeps the Alley Last Night.

Captain Gonnerman's men increased their lead in the tournament last night by winning all the games of the evening without much opposition from Howell except in the first game. The high score of the evening was Morris' 173 and the highest average was by Self, 159. The scores were as follows:

	1st	2nd	3rd	total	avg
Gonnerman	164	128	158	450	150
Morris	129	155	173	457	152 1/3
Nuller	149	129	105	383	127 1/3
Self	147	167	163	477	159
Kleinschmidt	127	168	126	421	140 1/3

	1st	2nd	3rd	total	avg
Howell	150	113	164	427	142 1/3
Gonnerman	136	143	137	416	138 1/3
Smith	149	123	110	382	127 1/3
Kearney	132	147	132	411	137
Heidenreich	140	127	143	410	136 1/3

Total 716 747 725 2188

Much good-natured rivalry is felt between the light-weights and heavies as to the championship contest between them tomorrow night.

The teams of Baum and Merriman play tonight.

The schedule of the tournament is over half completed. The standing of the teams, figuring in last night's victory for Gonnerman, is as follows:

Team	Won	Lost	P. C.
Gonnerman	16	5	760
Page	14	10	580
Merriman	12	9	570
Baum	13	11	540
Howell	10	11	480
Cooper	14	16	470
Harbert	6	11	350
Jacobs	8	18	310

Dixon College Notes.

The opening of the new term is very satisfactory, there being a large enrollment of old students as well as new ones.

The Rev. Mr. Kleist of Jonesborough, Illinois, led chapel exercises yesterday morning. Mr. Kleist has a daughter attending College here.

The College gymnasium opened yesterday with a full supply of physical apparatus and several good classes have already been organized. Miss Hill has been secured to instruct the ladies and Mr. Fee the young men. A gymnasium for both sexes is a valuable addition to this institution.

Mr. Schule, head of the office force, will not wait on young men attired in women's clothing hereafter on the 1st of April. He does not intend to bite any more at such jokes.

Rev. W. A. Phillips made a short address at chapel this morning, followed by a few extemporaneous remarks by President J. B. Dille and Prof. L. B. Neighbour. Each speaker seemed to be enthused with a spirit of success and happiness and many were the practical points brought out that should be treasured up by the young people.

Lenten Services at the Presbyterian Church.

Lenten services will begin in the Presbyterian church tonight and continue through Thursday and Friday nights. Rev. Dr. Horton the eloquent pastor of the Presbyterian church of Sterling will assist the pastor and will preach each night. Special music will be prepared. Miss Lorna Dement will sing one of her beautiful solos tonight. These services will be held in the church chapel. The Public are invited to join with the members of the church and congregation in commemorating the most eventful week in the history of the world—Passion Week. There will be a meeting of the Session at the close of each service for the reception of new members.

Easter Music.

The choir of the Presbyterian church will present very fine Easter music next Sunday. It will surpass all previous efforts. Following is the program:

MORNING.

"Hark! Hark! The Notes of Joy"..... Adams
Messdames Shields and Reed; Messrs. Cole and Turnbull.

"Song of Triumph"..... Weir
Miss Nancy Hunt.

"Why Seek Ye Here the Living"..... Manley
Messdames Reed and Shields.

"Lift Your Glad Voices in Triumph on High"..... Schmecher
Mrs. Shields and Mr. Cole.

"Let Your Glad Voices"..... Filby
Male chorus of twenty voices.

EVENING.

The large choir of thirty voices will sing the beautiful cantata, "The Risen King," by Schmecher. No admission fee charged, but a silver offering will be taken at the evening service to defray expenses. Everybody invited to be present.

TOWNSHIP ELECTIONS.

The Vote Was Very Light in Most Places—Returns Coming In.

The township election in Dixon was very quiet and a stranger would scarcely know that an election was in progress throughout the country the same spirit was manifest with very few exceptions. The day was far from pleasant and where there was no particular contest the voters did not exert themselves to hunt the polls. The returns from the towns throughout the county are slowly coming in and as far as received are given below:

A Mistake Corrected.

There seems to be an impression that the popular comedy "A Romance of Coon Hollow" is produced by colored performers. This mistake is probably due to the fact that it is a southern story and that a troupe of singing and dancing "Pickaninies" is carried as an extra feature. The cast is composed entirely of actors and actresses of reputation, many of whom were in the original New York production. Dixon Opera House, Monday, April 8th

Prof. Strong's Compositions.

Prof. W. F. Strong has placed on sale at C. C. Burkart's "The Alabama Wedding," a two-step march and cake walk which is gaining much popularity. Mr. Burkart says that he finds a ready sale for this composition by a Dixon musician and also for "Twixt You And Me" waltzes, by the same author.

GREAT GUNS AT PAN-AMERICAN

Uncle Sam Will Show Mammoth Coast Defenders at the Buffalo Exposition.

It has sometimes been said by unthinking people that the seacoast cities of the United States are not well defended. A flood of new light will be let into such gloomy minds by the Ordinance exhibit of the War Department at the Pan-American Exposition. When the Exposition opens for its six months' season at Buffalo on May 1 of this year, the early visitor will find the largest and most powerful guardians of our seacoasts ever exhibited by the United States Government. Even the smaller of the two great new guns in the Government exhibit at the Exposition will be larger than any ever before displayed by our Uncle Samuel.

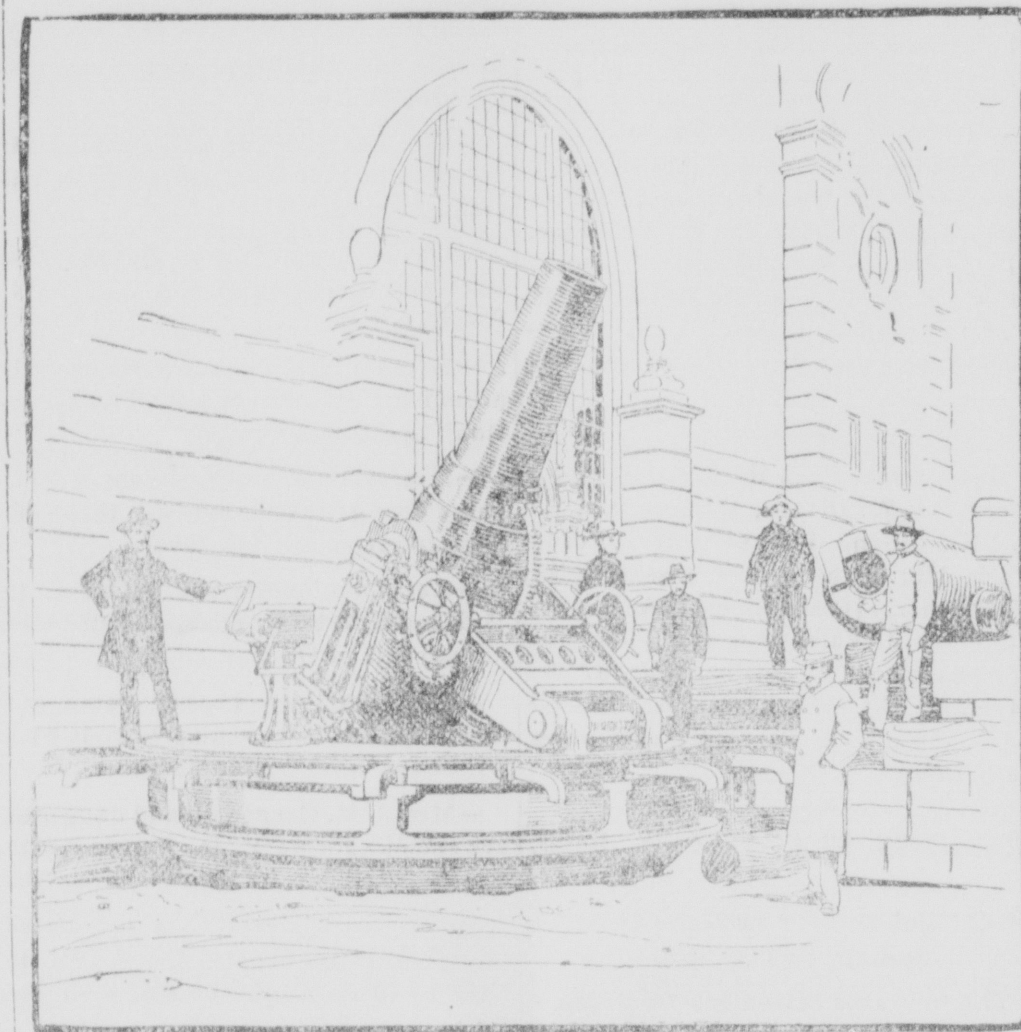

Captain Peter C. Harris, who represents the War Department, in charge of the entire war exhibit, has been engaged actively for months upon his great work of collecting the newest display of the kind ever made in this country. It was an absurd question perhaps that I asked when I inquired if his exhibits would be ready on May 1, as though there were any other alternative for a soldier. The Captain looked reprovingly at me.

But of the guns—great guns, indeed; big around as a locomotive boiler, thirty odd feet long, with a more savage muzzle than ever coughed destruction upon any hostile fleet; built with the accuracy of a watch; so delicate in adjustment that a little finger may traverse the gun, thus moving a weight of nearly half a million pounds, yet a machine to spout a volcano blast and to create an earthquake at the will of man!

The big gun of which I speak is a United States Army twelve-inch breechloading rifle, model of 1895, mounted upon a disappearing carriage. Its weight, stripped of everything, even the breech block, is 115,000 pounds. Its total length is 36.88-100 feet. The maximum diameter at the breech is 44.5 inches. It throws an armor piercing shot weighing 1,000 pounds, the length of which is three and one half feet. It also throws a projectile, an armor piercing shell weighing 1,000 pounds, four feet long, carrying a bursting charge of 39.4 pounds of gun cotton. The charge of powder is 240 pounds of smokeless or 490 pounds of brown prismatic powder. The muzzle velocity of the projectile under the above conditions is 2,300 feet per second, with a maximum pressure per square inch of 37,000 pounds. The muzzle energy is 36,671 foot tons. The power of penetration in steel at the muzzle is 30.9 inches, at 1,000 yards 28.5 inches, at 2,500 yards 25.5 inches and at 3,500 yards 23.5 inches. The total weight of the gun and carriage is 477,959 pounds. The carriage is twenty-five feet in diameter at the base, and the gun when in firing position is seventeen feet above the base of the carriage. When the shot is fired, the recoil causes the mechanism to lower the gun seven and one-half feet, behind the parapet. The gun has an accuracy of aim for about eight miles, and the extreme range is about double that distance.

As I have said, guns of this type have never before been exhibited by the United States Government, and

make an intelligent comparison of the mounts of our seacoast guns Captain Harris has caused to be placed by the side of the great twelve-inch gun a ten-inch rifle on a barbette carriage. In a barbette carriage the rifle is at all times exposed above the parapet. The reader may remember the discussion on the subject between General Miles and the Ordnance Board, the general not favoring the disappearing device, chiefly on account of its complicated mechanism and its liability to get out of order. Each carriage appears to have its particular use. On elevated sites the parapet furnishes all the protection required, but on a flat coast the disappearing would seem to possess very great advantage. It is thought that on low sites the rifle must be mounted either on a disappearing carriage or in a turret. The expense of a turret is estimated at about four and a half times the cost of the disappearing carriage.

MORTAR IN FRONT OF UNITED STATES GOVERNMENT BUILDING, PAN-AMERICAN EXPOSITION.

The Endicott Board on Ordnance and Fortifications a number of years ago decided in favor of the disappearing carriage, and the department has been laboring to obtain a satisfactory one. The one shown at the Pan-American Exposition is considered the most perfect in the world.

The ten-inch breechloading rifle is from the model of 1895 and weighs 66,700 pounds. Its total length is 30.76 feet, and the diameter of the breech is thirty-seven inches. The projectile is an armor piercing shot or shell. The shell carries a bursting charge of 22.4 pounds of gun cotton and weighs 575 pounds, having a length of four feet. The solid shot is three and one-half feet long. The powder charge is 140 pounds of smokeless powder, and the muzzle velocity of the projectile is 2,300 feet in a second. The maximum pressure per square inch is 37,000 pounds. The muzzle energy with the charge of smokeless powder is 21,086 foot tons. The gun has a penetrating power of twenty inches in steel at 2,500 yards.

At the right of the ten-inch gun a twelve-inch mortar has been mounted, and it is no small affair. Farther to the right is a five-inch rapid fire gun. All are mounted behind sections of a parapet, and the four pieces represent one gun of each type used in seacoast fortifications.

To the left of the great twelve-inch disappearing gun will be exhibited the old seacoast ordnance of the United States, arranged in a historical series, the twelve-inch gun itself representing the climax. Near the small building specially constructed for this purpose will be displayed the mountain, field and siege guns of the present day, together with types of old guns used in the different wars in which the United States have been engaged.

The Ordnance exhibit will show the historical development of ordnance in the United States, a gun representing every type adopted by the United States and showing the evolution of guns, mortars and howitzers. Among the howitzers will be one made in 1793. There will also be thirty or forty trophy guns, displayed according to period of capture. A novel feature will be a trophy fountain, representing a bursting shell, with water spouting from its crevices. This will be mounted on a pile of projectiles, surrounded by trophy guns.

The largest guns mounted in any of our seacoast batteries during the war of 1812 were twenty-four pounders, the diameter of bore being less than six inches and the weight of guns 5,500 pounds. They were a little over ten feet long, and the powder charge was six and eight pounds of black powder. They were mounted upon wooden carriages. In 1820 the thirty-two pounder with a caliber of 6.41 inches, using a

charge of eight to ten pounds of black powder, was adopted, and in 1831 the forty-two pounder, with a caliber of seven inches and using ten to fourteen pounds of black powder, came into use. In 1844 the eight and ten inch Columbiads fired a shot weighing sixty-five pounds and used a charge of ten to fifteen pounds of black powder. The ten-inch shot weighed 126 pounds, and the powder charge was eighteen and twenty pounds.

In 1861 the first fifteen-inch Rodman gun was cast. These guns were smoothbores of cast iron. The process of manufacture was evolved by General Rodman, who, to prevent injurious strains produced by cooling castings from the exterior, cast these guns on a hollow core and cooled by a stream of water or air passing through the core. Rodman's fifteen-inch gun fired a shot weighing 428 pounds with a charge of forty pounds of black powder and was the first great gun introduced in modern times in any service. Just before the Civil War rifled muskets and guns began to displace smoothbores. Captain Parrott's rifles were the first ones of large caliber used in the United States service. The largest of these had an eight and ten inch bore and were cast hollow and cooled from the interior on the Rodman plan. They were strengthened by shrinking a coiled band of wrought iron over that portion of the gun which surrounds the powder charge. The eight-inch Parrott rifle fired an elongated projectile weighing 150 pounds with a charge of sixteen pounds of black powder. The ten-inch rifle fired

USED A LEG OF MUTTON
Man Makes Use of a Unique Weapon in Spanking His Wife.
Providence, R. I., April 3.—George Dunlop thought his wife did not keep her promise to love and obey him as she ought. To convince her of the error of her ways he laid her across his knee, in reverse position, and proceeded to chastise her as he would a child.
As that crude method hurt his hands he picked up a leg of mutton, which was intended for their dinner, and resumed the work of spanking his wife. Which duty having been completed, he demolished a few pieces of furniture. When Dunlop's wife testified in the police court yesterday, however, that he had been inflicting mixed drinks, the justice ignored the husband's plea regarding wifely obedience and sent him to jail.

CUBAN CONVENTION IN DOUBT.
May Decide to Send a Commission to Washington.
Havana, April 3.—As the result of Monday's vote the Cuban convention met in public session yesterday but immediately went into executive session. The advocates of the plan of sending a commission to Washington were strengthened by the presence of Senors Gilberg, Quilez, Gener and Sanguily, the last named resigning his seat in the convention, his resignation not having been accepted. The vote yesterday against sending a commission to Washington was reconsidered. Special session will be held to-day for a further discussion of this question. It is generally thought that a commission will be appointed.

Election Quarrel Ends Fatally.
Denver, April 3.—At 6 o'clock last evening a quarrel occurred among the horsemen at Over & Park. Pistols were drawn and in a row that followed one man was killed and another fatally injured. The trouble arose over an election argument. Great excitement prevails at the park over the tragedy. The men killed were both horsemen who were employed in training for the summer races. The police have not yet learned the names of any of the men.

Painters Report Success.

They have succeeded in getting twenty-two firms, employing many men, to come to an agreement so that over 200 painters were again at work yesterday. Over 400 men are still out but a settlement is expected at an early date.

English, Ind., April 3.—The body of Martin Goshert, a young school teacher, was found in the woods near St. Croix Monday morning. His double-barreled shotgun lay beside him, with one load discharged, and the general belief is that he accidentally shot himself. While the suicide theory is widely accepted, murder is advanced by some. Goshert was 26 years old.

A MODEL SHOE STORE.

We are pleased to note the ever progressive spirit continually manifested by the energetic shoe firm of C. L. Gill & Co., better known as Gill, The Shoeman, 103 First street, within the past few months these gentlemen have by their push, enterprise and careful thought for the convenience and comfort of their customers, built up a shoe trade second to none in our city.

Their store room is a model of neatness, cleanliness and perfect arrangement possessing many modern accessories, such as fine mirrors, large rugs, easy chair, willow settees, waiting room for ladies, latest magazines and shoe dressing stand. All for the use and comfort of their patrons, harmonizing into a metropolitan air of elegance and refinement seldom found in a city the size of Dixon.

The footwear handled by this firm is all made directly to their order by standard eastern factories; embracing the world renowned "Hanan" and equally popular "Regent" shoes for men and the celebrated "Sorois" shoe for ladies, and as their business is conducted wholly on the cash system, they are enabled to secure the largest cash discounts offered and consequently give their trade the best of goods at lowest possible cash prices. Large shipments of everything that is new and artistic in spring styles are now arriving at this shoe emporium and we commend our shoe-wearing people to avail themselves of the beautiful leather trappings here in store for them.
